

Hallo everybody,

We are happy to inform you that we are organizing a **F3G competition** on **30th of April and 1st Mai 2022** in Belgium, near the German border (**Lommersweiler/Sankt-Vith**).

The Competition is open for pilots of all nations and will be limited to 20 pilots.

For this competition the current FAI rules for F3G and local club rules will be applied.

The following rules of the FAI Sporting Code Section 4, Aeromodelling, Volume F3 Radio Control Soaring Model Aircraft, 2022 Edition, Part Five, 5.G. Class F3G, page 45 ff SC4_Vol_F3_Soaring_22 (fai.org) will not be applied:

5.G.1.2 - "Maximum "Average Input power 800 W" will not be applied

5.G.1.3.j – The "average power" does not be presented on the display or recorded

5.G.1.3.l - "If the "average power" exceeds 800 W there is a penalty of two (2) point / one (1) Watt." will not be applied

The Competition will start Saturday 30th of April around 1:00 PM with a short briefing and the first flight will start around 1:30PM.

Because of the Start of the competition on Saturday, it's possible to end it earlier on Sunday so the Drive back home is earlier.

Saturday evening there will be a BBQ provided, so everybody can bring their own Food and grill it on their own, also there is a possibility of ordering pizza. (Drinks will be available on the Field).

On Sunday it is possible to buy a small breakfast (croissant and chocolate bun), and on Saturday and Sunday for lunch there will be grilled Sausages with Bread.

Camping on the field should be possible, please contact me if you are interested.

There is no electricity or water on the field.
